

# **PROTECT OUR COMMUNITY**

## **LAST CHANCE NELSON CAMPAIGN 2010**

### **Clear ways means more of this !**

- Do you want less heavy traffic through Tahunanui?
- Is roadside parking important to your business?
- Is access for service/customer vehicles important to your business?
- Do your customers need to be able to stop outside your business?
- Will increased traffic noise impact your business?
- Will months of road construction disrupt your business?

**IF YOU HAVE ANSWERED 'YES' TO ANY OF THESE QUESTIONS THEN JOIN US NOW TO MAKE YOUR VOICE HEARD**

The Tahunanui Business Association Inc (TBA)

- Is actively working on your behalf to ensure that business interests in Tahunanui are not forgotten by the Nelson City Council
- Has been actively involved in the Arterial Traffic Study which has the objective - “To determine the best transport configuration between Annesbrook and the QEII/Haven Road roundabouts that will improve the city as a whole in the long term”.
- Strongly believes that the only option that is good for Tahunanui is a new arterial road along St Vincent Street.

The results of the Arterial Study are not due for release and final decisions until after the Council elections.

To ensure that this option is seen as the answer to the future transport needs of Nelson and to protect your business and the community, join us in making our voices heard

### **WE NEED YOUR SUPPORT**
